

FALL 2018 SEMINAR SCHEDULE

THURSDAYS AT 12:30 PM
 BIOMEDICAL AND PHYSICAL SCIENCES BUILDING
 ROOM 1425

- 8/30 James Curley**
Behaviorial and Physiological Plasticity in Mouse Social Hierararchies
 University of Texas
 Host: Dr. Alexa Veenema
- 9/6 Stephen Ginsberg***
Trials and tribulations of single population transcriptomic analyses in Alzheimer's disease and animal models of neurodegeneration
 NYU Langone Health
 Host: Dr. Scott Counts
- 9/13 Elizabeth Jonas**
Molecular mechanisms of mitochondrial permeability-induced death in neurodegenerative disease
 Yale University
 Host: Neuroscience Graduate Students
- 9/18 Benny Hochner*****
TBD
 Hebrew University
 B448 Life Science Building
 Host: Dr. Galit Pelled
- 9/27 Michael Schwartz**
Trace amine-associated receptor 1 and arousal state control
 SRI
 Host: Dr. Lily Yan
- 10/4 Hanne Hoffmann**
Circadian Control of Neuroendocrine Rhythms and Reproduction
 Michigan State University – Department of Animal Science
 Host: Dr. James Galligan
- 10/11 Anu Argharwal**
Neuromorphic VLSI realization of the hippocampal formation and sensori-motor model of the hippocampal place cells
 Grand Valley State University
 Host: Dr. Fathi Salem
- 10/18 Bruce Carlson**
Linking evolutionary change in sensory perception to its cellular and network substrates in weakly electric fish
 Washington University in St. Louis
 Host: Dr. Heather Eisthen
- 10/25 Adrian Michael**
Chemical monitoring in the brain: Aspirations for clinical translation
 University of Pittsburgh
 Host: Dr. Greg Swain
- 11/1 Brendon Watson**
Neural oscillations, brain states and firing dynamics
 University of Michigan
 Host: Dr. Mark Reimers
- 11/8 NO SEMINAR - Sfn**
- 11/15 Zach Grieb****
The role of oxytocin receptor knockdown in the midbrain dorsal raphe on postpartum socioemotional behaviors
 Michigan State University
 Host: Dr. Joe Lonstein
- 11/22 NO SEMINAR – HAPPY THANKSGIVING**
- 11/29 Charles Derby**
Chemical Communication in Affiliation, Aggression, and Mating of Deecapod Crustaceans
 Georgia State University
 Host: Dr. Heather Eisthen
- 12/6 NSP Faculty meeting**
** Televised from Grand Rapids*
*** Dissertation Defense Seminar*
**** Seminar will be held in B448 Life Science Building on Tuesday, September 18*
- All seminars will be broadcast to 1102A&B Grand Rapids Research Center, unless otherwise stated on seminar announcement*
